Bids and Contracts

Volume 16, Number 6

February 9, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. **For internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

TASK FORCE MEMBERS:

Roberta Achtenberg
Aileen Hernandez
Justice Harry Low

STAFF:

Julian Gross
Director
Linda Yeung
Deputy Director

REQUEST FOR PUBLIC PARTICIPATION

The San Francisco Independent Task Force on Affirmative Action in Public Contracting was appointed by Mayor Willie Brown. The mission of the Task Force is to study and recommend improvements to the City's contracting affirmative action programs. These recommendations will have two goals: (1) to help the City within the bounds of the law ensure substantial opportunities for participation of minority- and woman-owned businesses in the City's public contracting programs; and (2) to help the City administer its affirmative action programs fairly, efficiently, and objectively. The Task Force recognizes and supports the City's commitment to affirmative action as an important tool in remedying discrimination.

The Task Force will hold public meetings on March 29 and April 8, 2000, in Room 263 of City Hall. Interested individuals from the business community, advocacy groups, City departments, and the public at large are encouraged to attend. Each of these meetings will focus on two topics within the purview of the Task Force's work, and will include a period for short comments from attendees.

Wednesday, March 29, 2000
City Hall, Room 263
4:00 p.m.

Topic One: Data Collection and Reporting. Discussion of systems used by the City for maintenance of data regarding the race and gender of contractors working on City projects.

Topic Two: Certification of M/WBEs. Discussion of issues related to certification of M/WBEs in San Francisco. M/WBEs are strongly encouraged to attend.

Saturday, April 8, 2000
City Hall, Room 263
12:00 p.m.

Topic One: The Contract Award Process – Prime Contractors. Discussion of the contract award process as it works for M/WBE prime contractors and other prime contractors who work on City projects. Prime contractors are particularly encouraged to attend.

Topic Two: The Contract Award Process – Subcontractors. Discussion of the contract award process as it works for M/WBE subcontractors and other subcontractors who work on City projects. Subcontractors are particularly encouraged to attend.

The Task Force also encourages written submissions from any interested parties. Submissions may be directed to any of the above topics, to other aspects of the City's contracting process, or to the operation of the City's contracting affirmative action programs. Written input should be submitted by April 7, 2000.

For further information, please contact the Task Force at the address or phone number listed below, or visit our upcoming web site at <http://sfgov.org/aatf>. Disability access and Sunshine Ordinance information for the meetings will be contained in formal public notices.

How to Get a Copy of a Purchasing Department Bid

Please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

All phone numbers are area code (415), unless otherwise indicated. {PRIVATE }

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. **For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

Please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bids and Contracts

Volume 16, Number 19

May 10, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated. {PRIVATE }

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. **For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Line Item Specifications on the Internet for Purchasing Department Bids

For Purchasing Department bids, you can view the line item specifications on the Internet. Go to Purchasing's Home Page at "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" and follow the signs to Bids and Contracts. You will go from a Bid Categories screen of all City bids, to a Bid Listings screen of Purchasing Department bids, and finally to a Bid Detail screen of a particular bid. Each Bid Detail screen for Purchasing bids has an attached .TXT or .PDF file of line item specifications.

How to Get a Copy of a Purchasing Department Bid

Please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect.** If that's what you would like, please indicate that in your bid request and give us your **delivery service account number.**

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" (no "www"). For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid.

The first Equipment, Supplies and General Services section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request. send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bids and Contracts

Volume 18, Number 33

August 16, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. **For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. **For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" (no "www"). For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

September 27, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us"; and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by overnight delivery collect. If that's what you would like, please indicate that in your bid request and give us your delivery service account number.

Bids and Contracts

Volume 18, Number 42

October 25, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a very brief description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by overnight delivery collect. If that's what you would like, please indicate that in your bid request and give us your delivery service account number.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bids and Contracts

Volume 18, Number 47

November 29, 2000

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To **e-mail your request**, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To **fax your request**, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We **cannot fax bids**, but we can send them by **overnight delivery collect**. If that's what you would like, please indicate that in your bid request and give us your **delivery service account number**.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a very brief description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-4337. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by overnight delivery collect. If that's what you would like, please indicate that in your bid request and give us your delivery service account number.

Do not mail or fax Purchasing a request for a bid which is managed by another department.

Bids and Contracts

Volume 18, Number 50

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, before calling Purchasing you should either: (1) view the line-item information on the Internet; or (2) obtain a copy of the bid. For Internet information, or to have a Purchasing bid sent to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency that is offering the contract.

Bid Packages on the Internet for Purchasing Department Bids

All City bids appear in a bid database on the Internet at: "<http://civiccenter.ci.sf.ca.us/purchase/pbids.nsf>" [no "www"]. For bids in the first category, "Equipment, Supplies and General Services (managed by Purchasing)," the complete bid package is attached to the Bid Detail page. For bids in other categories, files may be attached. In the "Construction" category, bids for Public Works projects and PUC projects have planholder lists and plan room lists attached before the bid is due, and bid results attached afterwards.

How to Get a Copy of a Purchasing Department Bid

If you cannot download the bid from the database in the Internet, please e-mail, mail or fax us a bid request, and include a very brief description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To e-mail your request, send it to: "Purchasing@ci.sf.ca.us", and include the bid number and description, and your mailing address. We will mail you the bid.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by overnight delivery collect. If that's what you would like, please indicate that in your bid request and give us your delivery service account number.

Do not mail or fax Purchasing a request for a bid which is managed by another department.
